

## Fund Description

The Gas Tax fund is the result of laws that tax the sale of gasoline. The current total tax on fuel is 18 cents per gallon. The City share of gas tax revenue is based on a formula consisting of vehicle registration, assessed valuation, and population. The funding generated is used to perform citywide repairs and restoration to existing roadways, reduce congestion, improve safety, and provide for the construction of assets within the public right-of-way.

The Gas Tax funds the maintenance of street lighting, traffic signals, traffic signs, and markings, including the City's share of the Gaslamp Quarter Lighting and the San Diego Street Lighting District Number One. The Gas Tax also funds street maintenance, median landscape, tree-trimming, and waste removal in the street right-of-way.

Gas tax revenues are allocated to five departments. The revenue is primarily allocated to the General Services Department for street maintenance services reimbursement. The Engineering & Capital Projects Department is reimbursed for traffic engineering. The Maintenance Assessment Districts (MADs) provide landscape maintenance for center medians and rights-of-way within residential and commercial areas. The Park and Recreation department is reimbursed for costs related to administrative oversight of the residential MADs, whereas the City Planning and Community Investment department manages the commercial MADs allocation. In addition, the City Comptroller and Engineering & Capital Projects departments are reimbursed for costs related to administrative oversight of the fund and for project financial reporting.

### Significant Budget Adjustments

	FTE	Expenditure	Revenue
<b>Adjustment to Gas Tax Revenue and Department Allocations</b>	0.00	(3,017,422)	(3,017,422)
Gas Tax revenue and total department allocations in Fiscal Year 2011 are expected to decrease over Fiscal Year 2010 due to the revised State of California Gas Tax projections. Departments that are primarily affected by the revenue adjustment are General Services-Street Division, Park & Recreation, and Engineering and Capital Projects.
